## SOLAR SURVEILLANCE CAMERA

YOUR  
FORMULA  
FOR BETTER BUSINESS

NEW

Unleash the full potential of surveillance with the cutting-edge Solar Surveillance Camera, a state-of-the-art solar-powered solution for license plate recognition (LPR) and situational awareness. Engineered to integrate seamlessly with most Video Management Systems (VMS), this robust camera guarantees uninterrupted vigilance with over three days of standby power, even without solar input.

## KEY FEATURES

- **Extended Performance:** Backed by a 5-year warranty with advanced replacement.
- **Sustainable Power:** Harness the sun's energy for efficient and eco-friendly operations.
- **Rapid Deployment:** Quick and easy installation process, ready in minutes.
- **High-Speed Accuracy:** Precise license plate reading at speeds exceeding 70 mph.
- **Optimal Visibility:** Exceptional day/night functionality with a 100-foot range.
- **Intelligent Recognition:** Color, make, and model detection for forensic searching
- **Wireless Freedom:** No need for local power sources, completely untethered functionality.
- **Ownership Advantage:** Purchase outright with no recurring fees, control your data.\*

\*Customer must provide cellular agreement
